

Let's Go

Donnie Iris

Do you feel like I lift your soul
Like you lift my soul
If so
Let's go
Let's go

Do you think that this time you know
I believe I know, if so
Let's go
Let's go

And we're afraid
For you can't count on me
And I can't count on you, oh know
And love is here
It comes once in awhile
And the chance is now

Out beyond the darkest night
There is life, oh there is life
Let's go
Let's go

Music's here and the time is right
Dance with me into the night
Go away
Come away

So jump on in
The water's calling us to swim
Yes, come on in
The song's calling us to sing
Come right on in
The river's calling us to dance

I'd like to welcome you to Ellwood City
