

Somebody

Donnie Iris

Why does the child leave the warmth of it's mother
Why does the child leave the strength of it's father now
One day we will long for affection
But not in the usual way
(Not in the usual way)
One day we will leave those who love us
Find love in a special way

Gotta find somebody (oh)
Gotta find somebody now
(Gotta find somebody)
Gotta find somebody
(I wanna find somebody)
Gotta find somebody
Gotta find somebody now
Gotta find somebody

Why does the man need the touch of a lover
(Oh Suddenly)
Suddenly there's so much to discover yeah

Gotta find somebody (oh)
Gotta find somebody now
(Gotta find somebody)
Gotta find somebody
(I wanna find somebody)
Gotta find somebody
Gotta find somebody now
Gotta find somebody

One day we will long for affection
But not in the usual way
One day we will leave those who love us
Find love in a special way

Gotta find somebody (oh)
Gotta find somebody now
(Gotta find somebody)
Gotta find somebody
(I wanna find somebody)
Gotta find somebody
Gotta find somebody now
Gotta find somebody
