

# That's The Way Love Ought To Be

Donnie Iris

You and me  
Baby, it's ecstasy  
I will be true to you  
Be true to me  
That's all we need, no more  
And we won't ever worry  
Babe it's you  
You are the one I love  
You are the only one I'm thinking of  
Cause we all need somebody  
We all need someone to love

Hey hey hey  
(That's the way love ought to be)  
Hey hey hey  
Hey hey hey  
(Love is all we need)

Cause whenever I'm around you  
I'm happy that I've found you  
Love is what you need  
Look around and see  
It's everywhere around you  
Girl I'm living in a fantasy  
And it's bringing out the best in me  
Love is what you need  
Look around and see  
That's the way love ought to be

Yes to me  
You always say yes to me  
And when I needed you so desperately  
You didn't waste no time  
You always said you were mine  
No to me  
You never say no to me  
Somehow you know this is our destiny  
That we were meant to see  
The way love ought to be

REPEAT CHORUS

And when your world comes tumbling down  
I'm gonna turn your world around  
The secret lies inside of me  
And love is all we'll ever need

REPEAT CHORUS
