

## Scary Spooky

### Donnie Trumpet & The Social Experiment

In the shadow of your doubt  
Mistaken for my own  
The light I put on you  
Wouldn't let me see my own

(What you were)  
But I couldn't see it  
Couldn't see clearly  
But I couldn't see it  
No I couldn't see

Changes in our timeline  
Changes in our love  
I wish I only saw you for what you were

(What you were)  
But I couldn't see it  
Couldn't see it on my own  
But I couldn't see it  
No I couldn't see clearly

See it on my own  
But I couldn't see it  
Couldn't see it on my own  
No I couldn't see clearly  
Couldn't see clearly

Never left me  
Never left me  
Never left me  
Never left me...
