

Sing

Donny & Marie Osmond

There's a song in my heart
Oh, I want to sing but I don't know where to start
If you know something of
What it is I feel is if the song, song of love
Guitar strum, 'cause here it comes
Sing, sing, woah everybody
Sing, sing, yeah
Sing, sing, woah everybody
Sing, sing, yeah
Sing of me, I'll sing of you
Yes, I know it's been long
Since I ever wanted to sing, sing a song (sing a song)
Now it's come, now it's near
Let me shout it out so the whole world they can hear
Guitar strum, 'cause here it comes

Sing, sing, woah everybody
Sing, sing, yeah
When I was young
I fell for love with many tears I walked away
But now I see the light of love
I feel it gettin' stronger every day
Sing, sing, woah everybody
Sing, sing, yeah
Sing, sing, woah everybody
Sing, sing, yeah
Sing, sing, woah everybody
Sing, sing, yeah
Sing, sing, woah everybody
Sing, sing, yeah
