Before It's Too Late

Donny Osmond

I just want to let you know
Comes a time to take control
Look around, what have we done?
Tell me I'm not the only one
Who can see what we're doing
'Cause I just don't understand
It's our choice, if we choose it
Let's hold on to what we have

So before it's too late to turn back
Oh, let's find a way
Before it's too late to turn back
Oh, it's time to make a change

There's so much we left behind
But looking back is a waste of time
You can blame the stars above
But in the end, we're the only ones
Who can change what we're doing
A losing battle's never won
Take some time, before we lose it
Before it all just comes undone

So before it's too late to turn back
Oh, let's find a way
Before it's too late to turn back
Oh, it's time to make a change

(Just turn back) We gotta find a way
(Slow it down) before it's just too late
To make a change
(Never too late) To look in your heart
(Never too late) And it's not too hard
(Never too late) To know what to do
But it's all depending on you
It's never too late

So before it's too late to turn back
Oh, let's find a way
Before it's too late to turn back
Oh, it's time to make a change
