

# Do You Want Me

Donny Osmond

I can make you smile  
Make your time worthwhile  
Only if we're together  
I can make a friend till the very end  
We can make it together

Yes, I do  
I really do  
Do want to love you  
(Yeah, yeah, yeah, yeah)  
What can I do to get your love true?  
Do you want me?  
Do you want me?

Can't we be alone  
You and me alone  
I just want us together  
You can find in me more than what you see  
We can make it together

Yes, I do  
I really do, do want to love you  
(Yeah, yeah, yeah, yeah)  
What can I do to get your love true?  
Do you want me?  
Do you want me?

I love you so much  
I need you to touch  
Why not make it forever  
Let me call you mine  
It's just a matter of time  
We can make it together  
You and me together
