

# I Can't Put My Finger On It

Donny Osmond

There's something between you and me  
That could be right, but it's wrong  
And we've gotta straighten it out, girl  
Or we won't be together too long  
It's something small, hard to find  
Sitting on the edge of my mind

I can't put my finger on it, I can't put my finger on it  
I'd like to know when both get tired again  
I'd like to know how to reach inside you right now  
But baby, I know longer wear this heart of fool  
I can't put my finger on it

There's something between you and me  
That we got to get understood  
It makes us feel bad onetime  
Next time it feels so good  
How can anything so small  
Drive my mind up the wall

I can't put my finger on it, I can't put my finger on it  
I'd like to know when both get tired again  
I'd like to know how to reach inside you right now  
But baby, I know longer wear this heart of fool  
I can't put my finger on it  
But baby, I know longer wear this heart of fool  
I can't put my finger on it

No, no, no, no  
I can't put my finger on it, hey baby  
I can't put my finger on it, heeeey  
I can't put my finger on it, on it, on it, on it, no, no  
I can't put my finger on it, hey, hey, yeah  
I can't put my finger on it, no, no, baby  
I can't put my finger on it, on it, on it, ooh
