I Can't Stand It

Donny Osmond

```
If just a day goes by
And I'm not in your eyes
I feel I'm falling apart
When I'm away from you
The things I go through
You just couldn't believe
Thoughts of you
Dancing through my mind
Making me lose
All sense of time

I can't stand it
Being away from you too long
Oh, baby
I can't stand it
You're heavy on my mind
Too strong, oh

I don't wanna smother you
If by chance I do
It's that I care so much
I know sometimes you need
A little room to breathe
So I stay away awhile
But before another day is gone
Your image flashed back
Like a raging storm

I can't stand it
Being away from you too long
Oh, baby
I can't stand it
You're heavy on my mind
Too strong

The thoughts of you
Dancing through my mind
Making me lose all sense of time

I can't stand it
Being away from you too long
Oh, baby
I can't stand it
You're heavy on my mind
Too strong

I can't stand it
Being away from you too long
Oh, baby
I can't stand it
You're heavy on my mind
Heavy on my mind
Heavy on my mind, so strong
```
