

# I Got Your Lovin'

Donny Osmond

Never do you ever  
Never have you been  
Open with your feelings  
Holding all of them  
I don't care whatever  
What you've been through  
Only thing that matters  
Is my loving you

Cause hey, I got your loving  
Hey, you got mine  
Hey, I got your loving  
Hey, you got mine

You don't have to worry  
Ain't no one around  
Gonna take your place, girl  
You're my lover now  
People gonna tell us  
[?] town  
Just remember this now  
Don't let them get you down

Cause hey, I got your loving  
Hey, you got mine  
Hey, I got your loving  
Hey, you got mine

Hey, I got your loving  
Hey, you got mine  
Hey, I got your loving  
Hey, you got mine

Hey, I got your loving  
Hey, you got mine  
Hey, I got your loving  
Hey, you got mine
