

I'll Be Good To You ?

Donny Osmond

It's the coldest place on Earth
Here in my heart...tonight
With everything I've learned
I still...want you

I know words could never change
The way that you feel about me now
But I just got to say
I still love you

And every night I lay awake
Going back in time
Playing over and over and over again
I must have been out of my mind

Oh Baby love me like you used to do
I'll do anything that you want me to
Believe me
I'll be good to you

There's a hole in my heart only you can fill
One more chance baby
Say you will
I'll be good to you

It's a mystery to me
Just who it was
That let you go
Can't believe I did it
Cause I still...love you

Oh Baby love me like you used to do
I'll do anything that you want me to
Believe me
I'll be good to you

Remember me baby
Remember my kiss
No one out there's going to love you like this

I'll be good to you

I'm going in circles
Stuck like a broken record
Going round and round
Playing over and over and over again
Oh...Don't let me down
Oh

Oh woh oh ho

The day I let you go
Broke my heart in two
I need you back in my life again
I'm calling out for you

Oh baby love me like you used to do

I'll do anything that you want me to
Believe me
I'll be good to you

There's a hole in my heart only you can fill
One more chance baby...Say you will
Say you will
I'll be good to you

Baby love me like you used to do
I'll do anything that you want me to
Oh woh...you know
I'll be good to you

Remember me baby
Remember my kiss
No one out there is going to love you like this
Oh ho
No one's going to love you like this
Baby
Oh

Oh woh yeah

I'll be good

Oh
Oh yeah

I'll be good

No one's going to love you like this

Nobody

Oh yeah

I'll be good to you
So good
So good
