

# I'm Leaving It All Up To You

Donny Osmond

I'm leavin it all up to you  
You decide what youre gonna do  
Now do you want my love  
Or are we through

That's why I'm leaving it up to you  
You decide what youre gonna do  
Now do you want my love  
Or are we through

My heart in my hand  
I don't understand  
Baby, what, what have I done wrong  
I worship, I worship the ground that you walk on

That's why I'm leavin it up to you  
You decide what youre gonna do  
Now do you want my love  
Or are we through
