

You Broke My Heart

Donny Osmond

You, you broke my heart
And you made me cry
In that cold evening
I didn't have time
To know the why
You deserted me

Now I'll just have to wait
To see your face
For the last evening
You must save my life
Since we're apart
Girl, I lost my mind
Ooh, I lost my mind

You, you broke my heart
And you made me cry
In that cold evening
I didn't have time
To know the why
You deserted me

Sometimes I hear your voice
Just singing songs
Like in those evenings
Oh, but I cried, cried like a child
Because I know
Girl, you'll never come
Ooh, you'll never come

Oh, but I cried, cried like a child
Because I know
Girl, you'll never know
Whoa, whoa but I cried
Cried like a child
Because I know
Girl, you'll never come
