

Watch You Fall

Donots

Itçf□ what you say
And you donçf□ do
Nothingçf□ sacred
And youçf□e nothing new
You spend your time
Wasting your time
And I know you hate it
When I donçf□ do
Youçf□e blaming me
For what you donçf□ get done
Itçf□ the envy
Standing between you and your fun
Youçf□e so careful
About not caring at all
How many angels
Does it take to catch your fall?
Yeah, I got you figured out
Yeah, I know what youçf□e all about
And you bring me down
You bring me down
You çf□e found a place
Where you belong
Get out of here no
Donçf□ get me wrong
Youçf□e found a way
To kill your time
Get out of here now
And donçf□ kill mine
You bring me down
As I watch you fall
You bring me down
Down, Down
You bring me down
Yes you do
How deep can you fall?
