

# Watch You Fall

**Donots**

Itç£Ø what you say  
And you donç£Ø do  
Nothingç£Ø sacred  
And youç£Øe nothing new  
You spend your time  
Wasting your time  
And I know you hate it  
When I donç£Ø do  
Youç£Øe blaming me  
For what you donç£Ø get done  
Itç£Ø the envy  
Standing between you and your fun  
Youç£Øe so careful  
About not caring at all  
How many angels  
Does it take to catch your fall?  
Yeah, I got you figured out  
Yeah, I know what youç£Øe all about  
And you bring me down  
You bring me down  
You ç£Øe found a place  
Where you belong  
Get out of here no  
Donç£Ø get me wrong  
Youç£Øe found a way  
To kill your time  
Get out of here now  
And donç£Ø kill mine  
You bring me down  
As I watch you fall  
You bring me down  
Down, Down  
You bring me down  
Yes you do  
How deep can you fall?
