

Once A Week

Donovan Woods

I got love for you, keep 'em in the old songs
I got things to say
I got love for you, keep 'em in the old songs
One more time of day

No, I don't need my friends
I got things to say
No, I don't feel no shame
One more time of day

Saw me on the corner, says I'm looking older
I got things to say
Saw me on the corner, says I'm looking older
One more time of day

No, I don't feel no shame
One more time of day
No, I don't feel no pain
One more thing to say

And she says baby and I'm okay
Though I know I don't think about it anyway
And then baby and I'm alright
I can't see you every night and
Once a week just is too much for now
I'm okay

I got love for you, keep 'em in the old songs
I got things to say
I got love for you, keep 'em in the old songs
One more time of day

No, I don't need my friends
I got things to say
No, I don't feel no shame
One more time of day

And she says baby and I'm okay
Though I know you don't think about it anyway
And then baby and I'm alright
I can't see you every night and
And she says baby and I'm okay
Though I know you don't think about it anyway
You don't think about it anyway
You don't think about it anyway
You don't think about it anyway

I can't see you every night
