

Whirlwind

Donovan

Like a river she's flowing into my life, my life
Like a river she's flowing into my life, my life.

Wind is blowing all around her hair, into the distance
she stare
Wind is blowing all around her hair, into the distance
she stare.

Like a zephyr she's blowing into my life, my life
Like a zephyr she's blowing into my life, my life.

Whirlwind blowing all around our love, into the mystic
above
Whirlwind blowing all around our love, into the mystic
above.

Ooh, ooh.

Like a quiver she's glowing into my life, my life
Like a quiver she's glowing into my life, my life.

Whirlwind blowing all around our love, into the mystic
above
Whirlwind blowing all around our love, into the mystic
above.

Ooh, ooh.
