

Olana

The Doobie Brothers

They can take the soul of time
And all the bad news
I really don't care anymore
Let it all come tumbling down
Nothing left to lose
Let it all fade away

Olana - these are hard times
We'll take the best that we've got
Olana - and leave the rest behind
Oh, Olana - girl, we've got to fight if the dream that we dream
Olana - still exists in destiny's time

Olana

So we hang on through the night
With all our worries
I really don't know anymore
But I can take my share I can hang on
But I can't fade away
Ah, I know that your heart is true
And I know what your love means to me

Olana - these are hard times
We'll take the best that we've got
Olana - and leave the rest behind
Oh, Olana - girl, we've got to fight if the dream that we share
Olana - still exists in destiny's time

Olana
Olana
Olana - girl, we've got to fight if the dream that we share
Olana...
