

Hey Man, Don't Look at Me Like That

Dope Lemon

You're riding on the wind
Someone tagged your toe
You're a broken gun
Blazing in the cold
Think you should know by now
Your thinking's become way too slow
You're not one of those fools in the back row

Heck, if you love somebody
Say it out loud
Go on have the key to your happiness
Make yourself proud

Hey man
Don't stand there like you don't know what's going on
'Cause once it starts, it ain't over 'til it's done
Sure as hell free livin' ain't livin'
Somewhere on the verge

So hey man
Don't look at me like that

(?) kitty like cigarettes
You'll turn into a phoenix, combust
Tell ya it'll turn ya gold straight outta rust
Trust me man, I can't

Pretty (?) don't be a sore loser
You're a bruiser
I can see it in your eye
You're waiting for someone to come along and say

Hey man
Don't look at me like that

So you know we're riding on the wind
But someone tagged your toe
You're a broken gun
Blazing in the cold
Your thinking has become way too slow
Yeah you're not one of those fools in the back row

But heck, if you love somebody
Say it out loud
You have the key to your happiness
Make yourself proud

So hey man
Don't look at me like that

So you're riding on the wind
(So you're riding on the wind)
