

## She's All Time

Dope Lemon

I must say to you girl  
There's nothing more sweet in this world  
And your look, you're all time  
I can tell you know I think that you're fine

Bet you know it  
Bet you know it  
Oh, I bet you know it  
Bet you know it  
You know it's true

I can tell you're all time  
The way you move in the sunshine  
Crack open a cold one and dance with me  
Let's go dance in the moonshine  
I want you to be all mine  
I just want to ask if you'll have this dance with me

There's a fix we can find  
This is easy, baby, make up your mind  
I believe in romance  
Couldn't take my eyes off of you, I know I just can't

I can tell you're all time  
The way you move in the sunshine  
Crack open a cold one and dance with me  
Let's go dance in the moonshine  
I want you to be all mine  
I just want to ask if you'll have this dance with me
