

# Slinging Dimes

Dope Lemon

Doo doo doo doo doo  
Doo doo doo doo doo  
Doo doo doo doo doo  
Doo doo doo doo doo

Time is hollow  
Time is all we got  
Time ain't something you can borrow  
Like some kids slinging dimes on the block

So when you wake up this morning  
And you splash on them clothes  
You look to your lover  
And you be sure that you let them know

I don't want to be  
The last man standing no more  
I want to flow down the river  
With a big bear named Moe  
I want to drink moonshine  
I want to dance in the moonlight  
I want to do the things that make me feel  
That make me feel alright  
Gonna make me feel alright  
It's gonna make me feel alright  
It's gonna make me feel alright  
It's gonna make me feel alright

I want to stroll down the street  
Tippin' the old hat  
Say howdy doo me lady  
Ain't it just fine out tonight

Me, I get a cold one  
And I slide it down the bar  
I roll me up a smoke  
And for a moment I say fairly well

I don't want to be  
The last man standing no more  
I want to flow down the river  
With a big bear named Moe  
I want to drink moonshine  
I want to dance in the moonlight  
I want to do the things that make me feel  
That make me feel alright  
Gonna make me feel alright  
It's gonna make me feel alright  
It's gonna make me feel alright  
It's gonna make me feel alright
