

Trying to get you to the moon, let's hit the road
Gonna dance up in your room till we can't no more
Trying to get you to the moon, let's hit the road
Gonna get you to your room, make out some more

Kitty cat, space rat on the motherfuckin' gat
Check out my spacecraft ticking up the speed of light
I'm Mr. Strange, I've got looks and brains
I'm straight dynamite, I've got everything you're looking for

I'm on a level now, I sit and listen back
I took the window to this room, I'm a shifty cat
I am a vampire with an insatiable appetite
Stealth kitty, secret doors, guess I'm on a dragon ride
Years of lovers, blasted wine, who am I kidding? I'm just fine
Money drips, blazing spliffs, memories of a sugarcats

I don't need to tell you that I'm the fastest in the West
Pour a glass of milk, spaceships' blasters are full tilt
I don't need to tell you that I'm the fastest in the West
Pour a glass of milk, spaceships blazin' on full tilt

Oh, lick the spoon, get the money off the backseat
Get the money, get the gang, let's hit the road
Ain't nobody going to stop us, we're solid gold

Trying to get you to the moon, let's hit the road
Trying to get you to the moon, let's hit the road
Gonna dance up in your room till we can't no more
Trying to get you to the moon, let's hit the road
Gonna get you to your room, make out some more
