Dope

Once I bleed for revolution
Fueled by a life of crime
Did my part for revolution
Stood the test of time

Well I said
Fuck it, fuck it
And you said
Fuck it, fuck it
We all said
Fuck it, fuck it
Hit me right between the eyes

I never thought I'd be alive
After 1999
I shoulda motherfucking died
Back in 1999

Rock n roll, degeneration
Sex and suicide
Selfish soul disintegration
Slaved me to the high

Well I said
Fuck it, fuck it
And you said
Fuck it, fuck it
We all said
Fuck it, fuck it
Hit me right between the eyes

I never thought I'd be alive
After 1999
I shoulda motherfucking died
Back in 1999

There is no wise old men
There's just us
We've done the best we can
Everything still sucks
We all take a turn
The scars we earn
We live, we learn, we die, we burn

Well I say
Fuck it, fuck it
And you say
Fuck it, fuck it
We all say
Fuck it, fuck it
Hit me right between the eyes

I never thought I'd be alive
After 1999
I shoulda motherfucking died
