America the Pitiful

Thoughts of prison lying in my bed Over visions dosing in my head I've already lost much more Than you could take from me

I've already been much more Than you will ever be

I don't need it, You don't want to find me I can see that, You don't even like me You don't even, You don't wanna fight me Man believe it, You ain't nothin' like me I've already told you once God damn stop pushin' me I don't wanna go, I don't wanna go, Come on let me be

I don't need it, You don't want to find me I can see that, You don't even like me You don't even, You don't wanna fight me Man believe it, You ain't nothin' like me

And we pledge allegiance to a flag Of a country that is fucked in the head

I don't need it, You don't want to find me I can see that, You don't even like me You don't even, You don't wanna fight me Man believe it, You ain't nothin' like me

Like me
