

Choke

Dope

So fake, so fake
Phony victim arms race
Two-faced, head case
Murder murder mind rape
War hate, more hate
Suicide separate
Cancel everybody, everybody cancel everyone

So burn the fucking boats
Grab em by the fucking throats
Squeeze until they fucking choke
On all this stupid fucking woke
We're sick and tired of it
Grab em by the fucking throats
Squeeze until they fucking choke

More lies, headlines
Cover up the war crimes
Mandates, red tape
Sycophantic primates
Pure hate, more hate
Suicide suffocate
Cancel everybody, everybody cancel everyone

So burn the fucking boats
Grab em by the fucking throats
Squeeze until they fucking choke
On all this stupid fucking woke
We're sick and tired of it
Grab em by the fucking throats
Squeeze until they fucking choke

So fake
So fake
So fade down

Opposition by division
I am not the chosen one
Devastation celebration
I am not the chosen one
Cancel everybody, everybody cancel everyone

So burn the fucking boats
Grab em by the fucking throats
Squeeze until they fucking choke
On all this stupid fucking woke
We're sick and tired of it
Grab em by the fucking throats
Squeeze until they fucking choke

Burn it down
