

Dive

Dope

Another day of the pain, it's been too long
Another day that I scream the same ole song
Everything is a tragedy
Your whole life's a catastrophe

I pray for the demons to bury us dead and gone
Justifiable blasphemy
When everything's a catastrophe
(When everything's a catastrophe)
Nothing really matters

Whoa oh
I'm about to lose my mind
I work too much, my girlfriend's nuts
How did this become my fucked up life
Is it any wonder why I think too much
And drink too much
None of this will matter when I dive
To the bottom of the bottle
Dive
To the bottom of the bottle
Dive
To the bottom of the bottle
Dive

Another day of the way I've done you wrong
Another day that the flame is dead and gone
Everything is a tragedy
So what the fuck do you want from me

I pray for the demons to bury us dead and gone
Justifiable blasphemy
When everything's a catastrophe
(When everything's a catastrophe)
Nothing really matters

Whoa oh
I'm about to lose my mind
I work too much, my girlfriend's nuts
How did this become my fucked up life
Is it any wonder why I think too much
And drink too much
None of this will matter when I dive
To the bottom of the bottle
Dive
To the bottom of the bottle
Dive
To the bottom of the bottle
Dive

(When everything's a catastrophe)
Nothing really matters

Whoa oh
I'm about to lose my mind
I work too much, my girlfriend's nuts
How did this become my fucked up life

Whoa oh
Is it any wonder why I think too much
And drink too much
None of this will matter when I dive
Whoa oh
How did this become my fucked up life
Whoa oh
I think too much
And drink too much
None of this will matter when I dive
To the bottom of the bottle
Dive
To the bottom of the bottle
Dive
To the bottom of the bottle
