

## High

## Dope

What mood is that you wear this time  
Why do you get high  
To change the seat your in  
In time you won't come back again  
What mood is that you wear this time  
Why do you get high  
To change the seat your in  
In time you won't come back again

High, high, high  
High, high, high

Make light of the weight  
Time off from hell  
I could be in  
These are the words you say  
What mood is that you wear this time  
Why do you get high  
To change the seat and complicate things

High, high, high  
You don't like me when I'm high, high, high, high

What does it take to get you high  
What will it take to get me high  
What does it take to get us high  
Whatever it takes to get you high

High, high, high  
You don't like me when I'm high, high, high, high
