

## Little Fish

Dope

The first time was long ago  
It first hurt then I began to roll  
The last time was an hour or so  
It's that time and I wanna go  
I've seen inside of me  
This side is everything  
I've seen and I'm gonna be  
Fuck rehablility  
I'm sick or so you say  
Live life just for today  
It's my life don't fuck with me  
Don't tell me what you think

I don't need it

When I was a little fish  
I would swim through all of this

One time 'bout a year ago  
I flat lined but I didn't go  
I came late but I made the show  
If I didn't tell you, you'd of never known  
I've seen so much of thee  
Governments hypocrisy  
I've laughed at all of thee  
Suggested remedies  
Methadone at seventeen  
Left Betty Ford to drink  
I'll trip on anything  
Send me to see a shrink

I don't need it

When I was a little fish  
I would swim through all of this

It's that time I don't wanna go  
Show time after the show  
Rather pass out on the floor  
Goes along with rock 'n roll  
I've seen 'bout everything  
Sex, drugs, sobriety  
Been treated for disease  
And I've pissed off everything  
Accuse me of anarchy  
I don't care what you think  
I say fuck conformity

I say fuck the U.S.A.- I don't need it
