

# Nothing for Me Here

Dope

How many times should I stop and believe in myself  
I don't believe much in anything  
I've seen enough of the pain and the shame and the blame  
It don't amount up to anything

Now I rewind  
Back to a time  
Where I would do anything and pay any price  
And I need time  
'cos I'm starting to think  
That the promises ain't worth the sacrifice

And there's nothing for me here!  
There's nothing for me here...

How many nights should I walk in my sleep  
As I dream of how much I wanna run away  
I've had enough of the stress and the mess  
I can't take any more  
I gotta get away

Now I know why  
I'm empty inside  
And I'm sure I've only got myself to blame  
And I don't try  
To view the lies  
It's just a waste of time we'll never be the same

There's nothing for me here  
There's nothing for me here  
There's nothing for me here  
I gave you my life and it's fading away  
There's nothing for me here  
I gave you my life just to fade away

And I can't go on  
And I can't explain  
When everyone's going on  
Life's folding the blame  
And I can't rewind  
And there's no escape  
It's been so long that I just  
Don't feel the same

There's nothing for me here  
There's nothing for me here  
There's nothing for me here  
I gave you my life and it's fading away  
There's nothing for me here  
I gave you my life just to fade away

How many times should I stop and believe in myself  
I don't believe much in anything

There's nothing for me here  
There's nothing for me here  
I gave you my life just to fade away
