

Parasite

Dope

Soul full of sorrow
Forgot the meaning of time
There's no tomorrow
The world it left you behind
Soul full of sorrow
The devastation of your life
Your brain
The suffocation
The real pain

Run away, far away
Nobody ever wanted this
Go away, all the way
You're insane and dangerous

Just like a parasite
Will leave you paralyzed
Like the antichrist
You're the antichrist
In a bad disguise
I'm paralyzed
You're a parasite
A parasite
A fucking parasite
A parasite
You're a parasite
A parasite
A fucking parasite
A parasite
