

# Shoulda Known Better

Dope

She said, whoo  
I shoulda known better, I shoulda know better  
I'll never love you again, whoo  
I shoulda known better, I shoulda know better  
I'll never trust you again, whoo  
It's a sticky situation and it's full of complication again  
I shoulda, whoo  
I shoulda known better  
Forever and ever

I'll never love you again  
I'll never love you again, I'll never love you again  
I'll never trust you again  
I'll never love you again, I'll never love you again

I said, whoo  
You shoulda known better, you shoulda known better  
I'll never touch you again, whoo  
You shoulda known better, you shoulda known better  
I'll never fuck you again, whoo  
It's a sticky situation and it's full of complication again  
You shoulda, whoo  
You shoulda known better  
Forever and ever

I'll never love you again  
I'll never love you again, I'll never love you again  
I'll never trust you again  
I'll never love you again, I'll never love you again

I'll never love you again  
I'll never love you again, I'll never love you again  
I'll never trust you again  
I'll never love you again, I'll never love you again  
I'll never trust you again

Cause I believed we would last forever  
I still believed when I said so long, and I was so wrong  
And I believed we would stay together, together  
Now I can see that nothing lasts forever

Whoo  
I shoulda known better, I shoulda known better  
I'll never love you again, whoo  
You shoulda known better, you shoulda known better  
I'll never trust you again, whoo  
It's a sticky situation and it's full of complication again  
We shoulda, whoo  
We shoulda known better  
Forever and ever

I'll never love you again  
I'll never love you again, I'll never love you again  
I'll never trust you again  
I'll never love you again, I'll never love you again  
I'll never trust you again  
I'll never love you again, I'll never love you again

I'll never trust you again  
I'll never love you again, I'll never love you again  
I'll never trust you again
