What did you think was going to happen?
What did you think was going to happen?
You can't just take and take and take and take.
What did you think was going to happen?
What did you think was going to happen?

It's all falling apart, it's all falling apart,
it's all falling apart,
you can't just take
and take and take and give nothing back,
when the winds they die,
and the birds don't fly and the water runs dry,
the only thing that's left
is love and loss (is love and loss).
What did you think was going to happen?
What did you think was going to happen?
You can't just rape the world,
you can't just rape the world,
it's going to fight back,
it's going to fight back,
we don't deserve to live.
What did you think was going to happen?
What did you think was going to happen?
What did you think was going to happen?

What did you think was going to happen?
What did you think was going to happen?
What did you think was going to happen?
What did you think was going to happen?
