Ik stel me aan vandaag
Heb saaf met elastiek
Nu gaan we los, ben vrijgezel, ben zeker hier
Diamonds, money don't waste my time
Ben ik in die ollo, is 't feest van mij
Flex, skip je werk en neem morgen vrij
En je blijft hier tot de morning light
Hier is die vibe
Aan de overkant is 't niet zo hard
Minimaal lit als je hier komt staan
Zij wil met me zijn, ik ken 'r niet zo lang
Niet zo lang, yeah (Yeah)

No cap what I say in this song (Nah)
It ain't safe where I'm from
We in Saint Laurent
Gucci socks when I taste this one
Pussy so sweet and amazing
Say you want Diors, I get you both, yeah
Pretty thick fashy, eat the most, yeah

I let me in cocaine she got a bad habit
Bando full of cash, burners in the atti
All the cars, yeah, they are push-to-start
Big dick made the pussy far
Ten-Ten girl she workin' for
Upbringing, yeah, you know she smart
Cocaine in the pot, it flip like acrobatics
Imma pay the price, just so I can make it right
Come from different hussle life
But you know I made you mine
