

Did I Get It Wrong

Dora Jar

(Pussywillow)

Why do I live my life questioning every move I make?
Is it a mistake?
Why do I live my life questioning every move I make?
Is it a mistake?

Went down for the weekend
Took a lifetime to leap in
Am I gone?
From under the subway
I wonder if we rub the wrong way, aah
And can you sense it?
Don't mean to be defensive
But don't steal my song
The shallow speakers they break when you go deeper
Am I wrong?

And did I get it wrong?
Did I get it wrong?
Did I get it wrong?

Did I get you wrong?
Did I get you wrong?
Did I get you wrong?

Phantom in a palace
Dreaming of a track list
Walk through walls
Make something of me
Lueza's above me
Hear my calls
I ride the money
Granddaddy left for me
Trust fund strong
But I feel haunted
Too ashamed to go flaunt it
Am I wrong?

Why do I live my life questioning every move I make?
Is it a mistake?
Why do I live my life questioning every move I make?
Is it a mistake?

And did I get it wrong?
Did I get it wrong?
Did I get it wrong?

Did I get you wrong?
Did I get you wrong?
Did I get you wrong?

Did I get it wrong?
Please
Why don't you need me?
You'll never need me like I do
Please
Why don't you need me?

Why don't you need me like I do?
