

It's Random

Dora Jar

Now all I can do is live
I begin to wonder what the sky is
And all of my cloudy friends are flying high
Now all I can say is "Hey"
What a fucking beautiful parade, hey
My neighbor's been waving in the window all day
Lada da, lada da, da da da da da

Where's everyone going when they walk around?
I wanna know everything you're thinking 'bout
It's random, it's rotten, it's ridiculous
I'm trying to focus

I'm watching a tutorial
How to tie a knot like a sailor
I better prepare or I'll be lost in the plot

Where's everyone going when they walk around?
I wanna know everything you're thinking 'bout
It's random it's rotten it's ridiculous
I'm trying to focus

One, two, three, four, five, six, seven, eight, nine, ten, eleven
Ahh ahh ahh
Ahh ahh ahh
Ahh ahh ahh
