

Sometimes All Ways

Dora Jar

Sometimes the words come out right, sometimes
Sometimes I don't know how to say it
Sometimes I cry my eyes out, sometimes
Sometimes I push it down

Tie me to the rain
Chain me to the lightning
Drop me in the sky
I might fall
I can move your eyes
In a new direction
Do you want to climb?
I might fall

Sometimes the girls get high in the night, sometimes
Sometimes the boys get down
Sometimes I laugh out loud in a fight, sometimes
Sometimes I make you proud

Tie me to the rain
Chain me to the lightning
Drop me in the sky
I might fall
What's the big idea?
Screw it like a light bulb
Fighting how I feel
I might fall down

I hold on
Any way the wind blows, I go
Sometimes all ways

Tie me to the rain
Chain me to the lightning
Drop me in the sky
I might fall
What's the big idea?
Screw it like a light bulb
Fighting how I feel
I might fall
