Hold on a little bit longer  
Let's see where this goes  
Hold on a little bit tighter, mighty man  
Watch you go, watch you come  
In an ambulance  
Take a deep breath in, oxygen

And if I wake up in a dream  
How do I get out?  
'Cause the feeling's so extreme  
Ow, try to shout

I want to see the particle  
I want to see the end  
Listen to the voice in the darkness talking
