Wizard

Dora Jar

I'm not a shy little girl, I'm a wizard
With a pearl in my hand
With a heavy dose of adrenaline
Call me a chemical man
I'm not a shy girl, I'm a wizard
Do I have to say it again?
I'm like a mystic stuck on a gum ball

Decorate me with the stars
Yeah, I wanna fly
Desolate space in my body
Yeah, I wonder why

Open me up if you dare, ay ay ay
Open me up if you dare, oh oh oh

I am a mystery, I am a novel
With a little twist of fate
Like a rabbit running away
Singing "I'm late" ("I'm late") "I'm late"
I'm not a business man, I'm the treasure
Multicolored uncut gem
Look for the weapon (That's an omen)

Decorate me with the stars
Yeah, I wanna fly
Desolate space in my body
Yeah, I wonder why

Open me up if you dare, ay ay ay
Open me up if you dare, oh oh oh

(Excuse me, comin' through)

Open me up if you dare, ay ay ay
Open me up if you dare, oh oh oh
