

# Edgelord

Dorian Electra

Ah, ah, push me, push me  
Umru said I'm cute (goin' Full Tac)

I'm your edgelord, I'm your edgelord  
I'm so edgy, wanna F me?  
Okay, F you, I don't need you  
Pushing me right to the edge (Ha)

We live in a society  
That's always lashing out at guys like me  
They pushed me to the edge, you see  
Never, never, never gonna come down  
One question, why so serious?  
Did I offend you? I'm so curious  
Ha, my identity's mysterious  
Never, never, never gonna come down  
(Shit, fuck)

I'm your edgelord, I'm your edgelord  
I'm so edgy, wanna F me?  
Okay, F you, I don't need you  
Pushing me right to the edge  
I'm your edgelord, I'm your edgelord  
On the edge now, 'bout to jump down  
Watch me jump down, taking you down  
Pushing you right to the edge

Been in the game six, seven, eight, nine years  
Swim fast past every crocodile tear  
Feels comfy with the best seat at the table  
Told you I could smash your petty trash labels  
Eh, edgy life, easy like walking on air  
Bet that I been doing this since daycare  
Feel lucky that you ever caught a glimpse  
Before I turned your favorite fuckboy to a simp

I'm your edgelord, I'm your edgelord  
I'm so edgy, wanna F me?  
Okay, F you, I don't need you  
Pushing me right to the edge  
I'm your edgelord, I'm your edgelord  
On the edge now, 'bout to jump down  
Watch me jump down, taking you down  
Pushing you right to the edge
