Dorian Electra

Freaky, freaky, freaky for life

I'm so uptight, my head, it ain't right  
It's spinning, baby, spinning around  
You know that I need some freak therapy  
So let's freak out and spread it around  
I like to be in the spotlight  
Step on the scene 'cause it feels right  
I freakin' scream, baby, all night  
I do it, I do it, do it all the time

They just don't understand me  
I'm not like them, I'm freaky

Freaky, I want you to get freaky (Ooh-ooh)  
You gotta get freaky (Ooh)  
Freaky, freaky, freaky for life

My little brain, it isn't the same  
I told you I'm not the normal type  
Normal like you, not something I do  
Even as hard as I try  
Listen to me, it's the way now  
You got to believe, what I say now  
Let your freak flag fly every day now  
Not taking, not taking, not taking it down

They just don't understand me  
'Cause I'm so freakin' random

Freaky, I want you to get freaky (Ooh-ooh)  
You gotta get freaky (Ooh)  
Freaky (You know just what I like)  
Freaky  
(You know I'm super freaky)  
Freaky, freaky, freaky alright

I hear what they call me  
I hear what they say  
I'm not very cool, yeah  
But I'll never change  
I'll stick to my guns  
Then throw them away  
I'm a freak forever  
From my cradle to my grave  
Freak forever, grave  
Freak forever

Freaky, I want you to get freaky (Ooh-ooh)  
You gotta get freaky (Ooh)  
Freaky, freaky, freaky for life
