

Lifetime

Dorian Electra

You're a dime, I'm a nickel
I'm a Nickelback boy with a hammer and sickle
You're a square, I'm a squiggle
And I come out swinging with a scythe at your pickle
I'm a scorcher, too hot
Schvitzing through my fit, why not?
Focus on the plot
No time to watch the clock

This life will be a lifetime
Your life will take a long time
Cradle to grave pipeline
This life will be a li-li-lifetime

This life will be a lifetime
Your life will take a long time
Cradle to grave pipeline
This life will be a li-li-lifetime

Oh yeah, start shit
I could never live without dying
Ouchie, get hit
Catch me in the courtroom crying
I'm pissed, I'm blissed
I could never frown without smiling
But that's life, kid

This life will be a lifetime
Your life will take a long time
Cradle to grave pipeline
This life will be a li-li-lifetime

I could never live without dying
Catch me in the court room crying
I could never frown without smiling

You know man, sometimes you just wake up
And you just make yourself a big pot of coffee
Well, not me 'cause I don't like the way coffee makes me feel, but
Some days I just like to sniff it on in and
You just, you got your roommate making a big cup of coffee over there and yo
u just
You say, "I'm so happy I don't have to be the one to clean up the grounds"
'Cause you're not actually supposed to put the grounds in the fucking dispos
al
You need to dig it out, ideally, if you put it in a compost bin it'd be
Way better 'cause we're fucking ruining the goddamn planet
You know how much fucking trash there is?
Then you would know that
You know what? Tonight is gonna be the best night of our lives

This life will be a lifetime
Your life will take a long time
Cradle to grave pipeline
This life will be a li-li-lifetime

This life will be a lifetime

Your life will take a long time
Cradle to grave pipeline
This life will be a li-li-lifetime, li-li-lifetime, li-li-lifetime
