

Touch Grass

Dorian Electra

They told me it's sunny outside
Drag my body into daylight
They told me to get offline
They'll have to drag my body into daylight

They told me it's sunny outside
Drag my body into daylight
They told me to get offline
They'll have to drag my body into daylight

They told me, "Touch grass outside"
I told 'em, "Ratio, go cry"
The grass is always greener inside
You can't take me out alive
You could never take me offline
Flipside, catch me up on time
Grass die, going ecocide
Astroturf smoke blow my mind like
Touch gra-

Fuck, Mommy Nature going ecocide, going eco side, going stupid guy on these
big guys

They told me it's sunny outside
Drag my body into daylight
They told me to get offline
They'll have to drag my body into daylight

They told me it's sunny outside
Drag my body into daylight
They told me to get offline
They'll have to drag my body into daylight

La-la-la-la, la, la-la-la
Touch grass
La-la-la, la, la-la-la
Shake that ass
La-la-la-la, la, la-la-la
Shake that
La-la-la, la, la-la-la

They told me, "Touch grass outside"
I told 'em, "Radio 415"
The bass is always louder inside
Gay twink femboy Deadmau5

Ah, ah
Drag my body, drag my body
Ah, ah
Drag my body into daylight

Shake that
Shake that ass
Shake that
Shake that ass
Shake that
Shake that ass

Shake that
Shake that

They told me it's sunny outside
Drag my body into daylight
They told me to get offline
They'll have to drag my body into daylight
