

# Warning Signs

Dorian Electra

I saw the fire in his eyes, the fire in his eyes  
I saw the warning signs, the warning signs  
I said, I saw the fire in his eyes, the fire in his eyes  
Well, I saw the warning signs, the warning signs

Tell me a secret, I am your friend  
Where were you Tuesday, October 10th?  
I see the browser's private again  
Tell me a story, spoil the end

Tell me a secret, spill it to me  
Where were you Monday, August 13th?  
How is your jacket covered in blood?  
How was the party, did you have fun?

I saw the warning signs, the warning signs  
I saw the signs, I saw the signs  
Nobody said they were in front of my eyes the whole fucking time  
I saw the signs, I saw the signs  
Well, I saw the fire in his eyes, the fire in his eyes  
I saw the signs, I saw the signs  
I fell in love again with the warning signs  
I saw the signs, I saw the

The only time I feel alive is when I'm touching the warning signs  
The only time I feel alive is when I'm touching the warning signs  
The only time I feel alive is when I'm touching the warning signs  
The only time I feel alive is when I'm touching the warning signs

'Cause if you tell me stay away, I'm gonna dive in again  
And my favorite color's red like the flags you fly overhead  
'Cause I would do it all again for the warning signs  
'Cause they're pulling in me in, pulling me in with the warning signs

I shoulda known, shoulda known, shoulda known, shoulda known  
I shoulda known, shoulda known, shoulda known again  
Well, I shoulda known, I shoulda known, I shoulda known again  
Well, I shoulda known, I shoulda known, I shoulda known again  
Well, I shoulda known, I shoulda known, I shoulda known again  
Well, I shoulda known  
The only time I feel alive is when I'm touching the warning signs  
I shoulda known  
The only time I feel alive is when I'm touching the warning signs  
I shoulda known  
The only time I feel alive is when I'm touching the warning signs  
The only time I feel alive is when I'm touching the warning signs  
I shoulda, I shoulda, I shoulda, I shoulda known

Didn't you see it coming, didn't you see the signs?  
Didn't you see the fire, that's burning, burning in his eyes?  
Didn't you see it coming, didn't you see the signs?
