

Your Kinda Guy

Dorian Electra

Tonight is the night when we're gonna feel alright
Gonna feel alright
Get away from the city lights, you know that's how it goes
Step into my truck and then you'll see another side of me, yeah
Get away from the city lights, you know that's how it goes
To step into my heart, to step into my arms
You get only one shot, to step into the stars

Once in a lifetime, once in a lifetime
Once in a lifetime

I'm a little freaky but I'm very nice (I'm very nice)
Little sugar and a little spice (Spice)
I'm just like momma's pie (Like momma's pie)
And I can tell that I'm your kinda guy (Your kinda guy)
That I'm your kinda guy (Your kinda guy)
Guy, kinda guy (Your kinda guy)

Kinda guy, kinda guy, kinda guy
Your kinda guy, that I'm your kinda guy
Kinda guy, kinda guy, kinda guy
Your kinda guy

Gettin' rowdy, rowdy
You're gettin' rowdy, rowdy
You're gettin' naughty, naughty
The way you move that body, body
I'm just a cowboy and a whipping boy
Riding boy, boy had a baby boy
I'm getting rowdy, howdy
Gettin' rowdy, rowdy
You're gettin' rowdy, rowdy
You're gettin' naughty, naughty
The way you move that body, body

Once in a lifetime, once in a lifetime
Once in a lifetime

Tonight is the night when we're gonna feel alright
Gonna feel alright
Get away from the city lights, you know that's how it goes
