

Bright and Shiny

Doris Day

When I touch you fireflies
Gleam and glimmer in my eyes
Bright and shiny, bright and shiny
Bright and shiny is our love

And when I kiss you, I'm aglow
And I sparkle, head to toe
Bright and shiny, bright and shiny
Bright and shiny is our love

Love like ours is bright and gleamy
As a sunbeam dancing in the skies
When you hold me tight
The night's as bright as five hundred Fourth of July's

Since you told me, you'd be mine
Sparks are flyin' all the time
Bright and shiny, bright and shiny
Bright and shiny is our love

Lighting flashes, shooting stars
Can't outshine this love of ours
Bright and shiny, bright and shiny
Bright and shiny is our love

Gayer than a carousel
Happy as a wedding bell
Bright and shiny, bright and shiny
Bright and shiny is our love

Love like ours is bright and gleamy
As a sunbeam dancing in the skies
When you hold me tight
The night's as bright as five hundred Fourth of July's

Since you told me, you'd be mine
Sparks are flyin' all the time
Bright and shiny, bright and shiny
Bright and shiny is my love for you
