

# Daydreaming

Doris Day

Daydreaming, just daydreaming  
Well, it's kind of fun for one who's all alone  
Daydreaming, just daydreaming  
Helps me find the joy, the boy I call my own  
Night comes on, it's true I'm blue  
My heart is with the sun  
Dawn comes through, I glow  
Although I know that lovers I've had none  
Daydreaming, just daydreaming  
Please don't mind if I just sigh and stay  
Stay dreaming, daydreaming  
Maybe small but it's all I've known

Lovers, I've had none  
Daydreaming, just daydreaming  
Please don't mind if I just sigh and stay  
Stay dreaming, daydreaming  
Maybe small but it's all I've known
