

Funny

Doris Day

Funny how the phone stopped ringing
Your heart stopped singing
The way it used to do
You don't know who's to blame
Or if there's a reason
You just know you were one
And now you're freezing

Funny, no goodbye's were spoken
The spell was broken
By a pair of silent sighs
Funny, it's so funny
Funny how just can't dry your eyes

(Funny, no goodbye's were spoken
The spell was broken)
By a pair of silent sighs
Funny, it's so funny
Funny how just can't dry your eyes
