

Give Me Time

Doris Day

Give me time
I'll give you love
Give me time
I'll give you rapture, dear

Time and time alone
Brings love into its own
Give me time

Let me do
What must be done
If you do, then love will capture, dear
Only time can cure love that must endure
Give me time

I'd played around
It was a crazy game
And since then I've found
That love is not so tame
And so I guess I'll take a chance on winning
I have got to make a new beginning

Give me time
I'll give you love
Give me time
I'll give you rapture, dear
If you only knew what I'd give to you
You'll give me time

Give me time
I'll give you love
Give me time
I'll give you rapture, dear
If you only knew what I'll give to you
You'll give me time
