

Julie

Doris Day

(Julie)

It's the voice of my one love
And it promises ecstasy
Day and night it is calling me
But I'm afraid to go

(Julie)

Though I run to escape it
Still it calls irresistibly
And although it's my destiny
Sorrow is there, I know

Warm are his arms, tender his kiss
But in his eyes hidden, the danger lies

(Julie)

Must I go where he leads me?
Though it be through eternity
Oh, I know I will never be free
Free from the voice that calls

(Julie)
