

## Just One Girl

Doris Day

(Just one girl  
Only just one girl)  
There are others I know  
Who give me a whirl  
Sun or rain, it is just  
The same  
We'll be happy together  
(With just one girl)  
To be married  
We're old enough, plenty  
He and I, he and I  
I'm eighteen and  
He will be twenty  
By and by  
By and by  
Although we are short  
As to money  
What care we?  
What care we  
We're the only two  
Flies in the honey  
And happy  
As we could be  
(Just one girl  
Only just one girl)  
There are others I know  
Who give me a whirl  
Sun or rain, it is just  
The same  
We'll be happy forever  
As we can be  
(Just one girl)  
And one boy  
For me
